

STOPPING ONLINE EXPLOITATION BEFORE IT BEGINS

Project POST: Positive Online Social Tools is an internet safety video series curriculum which trains youth to navigate online safely without having to disconnect from the internet forever.

ONLINE HABITS + BEHAVIORS

Challenges youth to think about online habits + risky behaviors they participate in but don't realize are unsafe (i.e. sexting, checking in locations, chatting with strangers, etc.).

PUBLIC + PERMANENT CONTENT

Educates youth on the permanence of + public access given to all content the moment it's placed online (i.e. nude photos, inappropriate videos + slanderous comments, etc.).

POSITIVE ONLINE SOCIAL TOOLS

Equips youth with positive online social tools they can use to navigate online responsibly + safely.

CONSEQUENCES OF RISKY BEHAVIORS ONLINE

Discusses possible consequences of participating in risky behaviors online (i.e. sextortion, sex trafficking, coercion, etc.), as well as addressing tactics used to lure individuals into exploitation (i.e. predators, vulnerabilities, victims, grooming).

REPORTING ONLINE EXPLOITATION

Encourages youth that regardless of their decisions, we are on their side and are here to help, and equips them with the tools necessary to report victimization and online sexual exploitation.
